

ALLIANCE MECHANICAL

20800 HUBBELL - OAK PARK, MI 48237
(248) 968-7400 * Fax (248) 968-6620

Thank you for allowing us to introduce our company. We appreciate this opportunity and look forward to discussing how **Alliance Mechanical** can be of service to you. At **Alliance Mechanical**, we stand firm in our commitment and dedication to meeting the needs of our customers, to maintaining the integrity of their building operating systems and achieving targeted goals and objectives for the benefit of the customer.

Alliance Mechanical is a mechanical contractor on the leading edge of technology. With over fifty years of design, installation and maintaining air conditioning, refrigeration and heating systems, we are able to meet all of your mechanical system needs. We have an established customer base with mechanical requirements ranging from small retail centers operating packaged HVAC units, to Class A commercial developments with advanced energy management systems and large tonnage equipment.

We provide HVAC maintenance service and repair work, on-site maintenance personnel that is fully trained to the facility's needs, comprehensive preventive maintenance contract services, and service to all types of computer room environmental equipment. We provide complete system replacements and extend **FREE** 24 hour DDC monitoring to customers with planned preventive maintenance contracts. We offer the most energy efficient equipment available, including energy management system upgrades and employ service technicians trained to maintain and repair all types and makes of equipment.

Alliance Mechanical is fully insured, licensed and certified, but most of all; we are committed to providing the highest level of service our industry has to offer. We have consistently expanded upon and enhanced our building maintenance programs. Our service division provides quality performance built on the awareness of our customer's long-term operation and maintenance needs and our service maintenance programs were developed in recognition of the broad spectrum of mechanical system requirements throughout the industry.

With solid experience as our base, we use creative applications tailored for individual, customer specific needs. Our business is to assure total customer satisfaction with the products we provide and the services we perform. Our customers demand it and the success of our operation depends upon it. At Alliance Mechanical, our mission is to achieve customer satisfaction built on a foundation of integrity, trust and professionalism. These principals, along with our philosophy of complete customer satisfaction, will not be compromised.
